

Dr. Devin Vodicka is the CEO of [Learner-Centered Collaborative](#), author of [Learner-Centered Leadership](#), a three-time California Educational Superintendent of the Year, and a nine-time White House invitee. He holds a Master of Science in Leadership and an Ed.D. in Organizational Leadership.

Devin leads Learner-Centered Collaborative, a K-12 nonprofit organization, in supporting school, district, and state systems—impacting over two million learners to date. A first-generation American, Devin's early realization of the education system's lack of personalization fueled his dedication to inclusive, learner-centered models. He envisions education ecosystems that empower all learners to know who they are, thrive in community, and actively engage in the world as their best selves.
